## Crafting Your Joy

I believe that taking time for yourself to create something with your hands is one of the most loving things you can do for your well-being.

**Creative time is healing. It's transformative.  
It can bring more joy, positivity and light into your life.**

It would be my hope and intention that time spent "*crafting your joy*" with the **Watercolor Dream Catcher and the You Are Stamp Set** is creative time that makes you feel good.

May you find pause from the hustle and pure joy in the making.
